CITY OF ST. HELENA

RESOLUTION NO. 2000-99

APPROVING A WATER AGREEMENT
WITH NIEBAUM-COPPOLA ESTATE
WINERY, L.P. AT 1991 ST. HELENA
HIGHWAY

RECITALS
The Niebaum-Coppola Winery has filed for a use permit with the County of Napa to increase their annual wine production by 250,000 gallons per year. The winery’s currently permitted production is 900,000 gallons of bulk wine. Approval of the use permit is contingent upon the City of St. Helena obtaining a water agreement with the winery. The City of St. Helena has supplied water to this location for many years. The average annual water consumption has been 19.43 acre-feet per year. The winery has agreed to limit their water use to a maximum average of 19 acre-feet per year.

A water agreement is attached for approval. The City Attorney and Public Works Director have reviewed the agreement.

RESOLUTION

NOW, THEREFORE, the City of St. Helena resolves as follows:

The water agreement (attached) between Niebaum-Coppola Estate Winery, L.P. and the City of St. Helena is hereby approved.

Approved at a Regular Meeting of the St. Helena City Council on August 8, 2000, by the following vote:

AYES: Councilmembers Bowers, Potter, Savidge, Mayor Slavens
